<u>Information:</u>			

No.9 is a double-base spherical powder that is ideal for high power loads in traditional magnums such as the 357 Mag, 41 Rem Mag and 44 Rem Mag. It is particularly well suited to the 357 Sig and 10mm Auto, providing high velocities and excellent case-fill. It can also be used with large magnums such as the 460 S&W and 500 S&W for economical target loads.

**Bulk density/VMD values can vary as indicated (%), please verify all volumetric loads on a scale.**
